Price Structure	<p>The flat monthly charge is only available to residential customers with a specified annual historical usage amount that is set forth in the chart below.</p> <p>If you do not qualify for the flat monthly charge based on your historical usage and/or customer class, or if no historical usage data is provided by your local utility, you will instead be placed on a one (1) month, variable rate interim product. Upon the expiration of your one (1) month variable rate interim product, you will be automatically returned to your local utility. Please see your Terms and Conditions for more details.</p>												
Supply Price	<p>If you are a residential customer with an annual historical usage amount specified in the chart below, you will qualify to pay a flat monthly charge, plus taxes and fees, for your electricity supply. The amount you will pay for your flat monthly charge will be determined by your annual historical usage as provided by your local utility and is set forth in the chart below. You will continue to be responsible for all charges assessed by your local utility for all services it provides, including any other fees or taxes specifically associated with services it continues to provide during the term of your Agreement. Therefore, your flat monthly charge is not the total amount you will pay each month for electricity service.</p> <table border="1" style="width: 100%; border-collapse: collapse; margin: 10px 0;"> <thead> <tr> <th style="text-align: left;">Annual Historic Usage</th> <th style="text-align: center;">1-4,999 kWh</th> <th style="text-align: center;">5,000-9,999 kWh</th> <th style="text-align: center;">10,000-14,999 kWh</th> <th style="text-align: center;">15,000-19,999 kWh</th> <th style="text-align: center;">20,000-24,999 kWh</th> </tr> </thead> <tbody> <tr> <td style="text-align: left;">Flat Monthly Charge</td> <td style="text-align: center;">\$29.99</td> <td style="text-align: center;">\$54.99</td> <td style="text-align: center;">\$84.99</td> <td style="text-align: center;">\$109.99</td> <td style="text-align: center;">\$134.99</td> </tr> </tbody> </table> <p>If you do not qualify for the flat monthly charge based on your historical usage and/or customer class, or if no historical usage data is provided by your local utility, you will instead be placed on a one (1) month, variable rate interim product.
