We at XOOM Energy Pennsylvania are licensed by the Pennsylvania Public Utility Commission to offer and supply electric generation services in Pennsylvania. Our PUC license number is A-2012-2283821.

- We set the generation prices and charges that you pay. The Public Utility Commission regulates distribution or delivery prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.
- You will receive a single bill from your local EDC that will contain EDC charges and XOOM Energy Pennsylvania charges.
- Right of Rescission - You may cancel this Agreement at any time before midnight of the third business day after receiving this disclosure.

Definitions

- Generation Charge – Charges for production of electricity.
- Transmission Charge – Charge for moving high voltage electricity from a generation facility to the distribution lines of an electric distribution company.
- Cost Recovery Fee – Since all the energy associated with a fixed rate agreement is pre-purchased, XOOM charges a "Cost Recovery Fee" if the consumer terminates the agreement early. This is not intended as a penalty to the customer, but needs to offset the cost to XOOM to repurpose the energy the customer did not use as part of their agreement. These recovery fees will vary market to market and may change from time to time based on market conditions and attrition rates.
