

XOOM Energy Georgia, LLC Variable Price Plan (SimpleFlex) Disclosure Statement

This document provides general information about the price plans and gas services provided by XOOM Energy Georgia, LLC ("XOOM Energy"), as well as contact information. Please also review the Terms and Conditions of Service document that accompanies this Disclosure Statement.

Natural Gas Supplier Information	While XOOM Energy will supply you with natural gas, know that XOOM Energy is not affiliated with Atlanta Gas Light Company ("AGL"), which will continue to deliver that natural gas, read your meter, and make necessary repairs to its natural gas distribution facilities as your local distribution utility. XOOM Energy's charges for natural gas supply will appear on your bill separate from the charges of your local utility. XOOM Energy will not prevent a consumer from obtaining distribution and commodity sales service from another marketer or provider. Upon switching to another marketer, however, you will be responsible for all charges incurred until such switch becomes effective. For information or complaints, please contact XOOM Energy at the information provided below. XOOM Energy Georgia, LLC 804 Carnegie Center, Princeton, NJ 08540 1-855-203-3808 customercare@xoomenergy.com www.xoomenergy.com
Price Structure	You selected a variable price plan. Your price for gas purchases will be a variable price, per therm, that may change on a monthly basis, plus taxes and fees, if applicable. You will be billed for the number of therms of gas that you use during the billing period at a price per therm that may vary from month to month. We will determine your variable supply price in our discretion based on many different factors, which may include prices charged by competitors, industry charges we are responsible for, our costs to procure and sell energy, customer retention price, applicable state and local taxes, changes in weather, legal and regulatory issues, profit margins, and other relevant business conditions.
Supply Price	Your initial price under this contract is \$0.5490 per therm. This initial price will be in effect for your first 2 billing cycle(s). Thereafter, your price will vary month to month based on the factors described above in the Price Structure section of this Disclosure Statement. Your price for gas usage will not include state and local sales taxes, or charges imposed by AGL. Instead, those taxes or charges will appear separately on your bill. You may also be required to pay a monthly customer service charge of \$5.85 and in the case of non-residential firm retail customers (as defined in the Terms and Conditions), an interstate pipeline capacity charge of \$8.50 x DDDC.
Contract Term and Start Date	This Agreement will continue until canceled by you or XOOM Energy. The term of your Agreement with XOOM Energy will begin with your first meter read by AGL following your enrollment with XOOM Energy. If you are switching from another marketer in Georgia, and if you sign up by the 15th day of a given month, your switch will typically become effective on the 1st day of the next month. For example, if you enroll after the 15th day of the month, your switch may not become effective until the following month (example: sign up March 21st, your switch typically will become effective May 1st).
