Background

We at XOOM Energy Pennsylvania are licensed by the Pennsylvania Public Utility Commission to offer and supply natural gas services in Pennsylvania. Our PUC license number is A-2012-2283967.

- We set the prices and charges that you pay. The Public Utility Commission regulates distribution or delivery prices and services. The Federal Energy Regulatory Commission regulates interstate pipeline prices and services.
- You will receive one bill from the Natural Gas Distribution Company (NGDC) for their charges and XOOM Energy's charges.
- Right of Rescission - You may cancel this agreement at any time before midnight of the third business day after receiving this disclosure.

Definitions

- Interstate Pipeline Charges – Charges for moving natural gas to the distribution lines of a distribution company.
- Non-basic Charges – Define each non-basic service being offered.
- Commodity Charges – The charges for basic gas supply service which is sold either by volume (ccf or Mcf) or heating value (dekatherms).
- Cost Recovery Fee – Since all the energy associated with a fixed rate agreement is pre-purchased, XOOM charges a "Cost Recovery Fee" if the consumer terminates the agreement early. This is not intended as a penalty to the customer, but needs to offset the cost to XOOM to repurpose the energy the customer did not use as part of their agreement. These recovery fees will vary market to market and may change from time to time based on market conditions and attrition rates.
- Monthly Program Cost Adder – Equitable compensation to XOOM Energy for services rendered in the arrangement and delivery of competitive energy supply to its customers.
- Administration Fee – The administration fee offsets fixed monthly costs XOOM Energy incurs each month. The amount of energy consumed does not affect the fixed monthly costs. Examples of fixed monthly costs are billing fees, mailing expenses, processing fees, etc.

Terms of Service
